What is a 12-Unit EESystem?

When you come into the Path to Wellness Center featuring the EESystem, you will see 12 computers/monitors positioned on 4 solid stands precisely tuned (within 1/100 of an inch) to directly face one another across the room. They are elevated on tall computer stands. This pattern has been carefully calibrated to form a “Perfect Configuration which creates the most stable Toroidal Field.”

The computers generate Scalar Waves (discovered by Nikola Tesla in 1922), which collide in the center of the room, creating a vortex. In like manner, the monitors generate photons, which also collide in the center of the room, creating another vortex or Photon Fountain. These photons attach themselves to the Scalar Waves creating a Toroidal Field, which then accelerates to 1.4 times the speed of light!

How does this influence my biology?

It is not claimed that the **EESystem** heals you of any disorder. What it does accomplish, is to activate your body's innate healing systems. **Your body wants to heal!** Give it what it needs!

What other frequencies have been programmed into the EESystem?

What Frequencies Will I Experience?

In addition to the Scalar Waves, World Renowned Physicist Dr. Sandra Rose Michael (often referred to as the modern-day Nikola Tesla) has programmed in dozens of other frequencies shown to have a positive effect on our biology:

- Schumann resonance (cell regeneration)
- Rife frequencies
- Rainforest frequencies
- Ocean frequencies
- Dolphin/whale frequencies
- PEMF frequencies (Bemer)
- Grounding frequencies (barefoot on damp Earth)

How Do These Frequencies Affect Me?

- **Increased Cell Voltage** from as low as 20mV to 80 to 90mV (cancer thrives in 20 mV but cannot proliferate in an environment greater than 70mV.)
- **28% Reduction Surface Tension of Water** = 200% increase in Cell Hydration.
- **Autophagy** – triggered by Fasting or 2 hours in an EESystem (fasting not necessary).
- **Increased Mitochondrial Function** – **400–500%** (mitochondria are the engines that drive all your cells).
- **Optimal Connection of the L/R Brain Hemispheres** – Feel “Grounded” Experience Mental Clarity, Positive thoughts/Emotions.
- **Happy!!**

Note:

For decades a European Physicist/Geneticist struggled to understand why humans only have 23 pair of chromosomes. He stated:

“I searched throughout the entire **known universe**, and nowhere did I find anything existing in **increments of 23**. So, I set out on a search to find the **24th pair of chromosomes** in humans and, after two years, I finally found them. They exist in the **“Quantum Field!”**”

When I shared this information with Dr. Michael, her response was, “That makes perfect sense!”

Since the EESystem is generating **Quantum Energy** while you are in the field, does this mean that potentiating your 24th pair of chromosomes is an integral part of your body’s innate healing?

We Highly recommend and encourage each individual to do their own research.
